Dear \_\_\_\_\_,

If more than half of the kids in our local schools can't afford lunch, it's unlikely that their families can afford school supplies. Having school supplies is vital to a child's educational success, yet thousands of children arrive to our local classrooms each day without the necessary tools for learning.

While the situation may seem grim, I'm proud to share with you one way *(company/group name)* is becoming part of the solution—and how YOU can help!

We will be supporting children in need by collecting new school supplies for Inland Empire United Way's School Tools program. The School Tools program provides disadvantaged children with the tools they need for learning. When a child receives supplies from School Tools, they are able to engage in school and succeed.

We invite you to join us in our effort by donating school supplies as we host a School Tools Supply Drive. We will be collecting NEW school supplies from *(start date)* to *(end date)*. Collection bins will be located *(specify location)*.

Next time you're out, please remember to pick up something extra to help our community's children. Suggested items include: *(list items that correspond with your specific type of supply drive)*.

Thank you for helping us supply kids with the "write" stuff!
