## Attention Nonprofit Leaders!

This Nonprofit Survey will bring attention to our sector needs

We are asking for your insight into the assets/needs of the nonprofit sector in San Bernardino County and the Pomona Valley. Please take a moment to complete an online survey that addresses your organization's capacity around professional development, executive leadership, organizational governance and leadership succession.

## [Click here to take the Nonprofit Survey](#)

Please complete the survey before November 21. It should only take 10-12 minutes of your time to complete.

Please spread the word about this survey to other agencies. [Click here to view and print the flyer to promote this nonprofit survey.](#)

Questions? Contact [Allan Collins](#), Pathways Director at (909) 980-2857 ext. 243.

## The Report

The results of this survey will be shared with the nonprofit community, public and private sectors and government constituents, to be used as a guide for strategic planning purposes including bringing attention and funding to the nonprofit sector within the region.

The report will be available to the public in early 2008 and was made possible by the collaborative efforts of the Inland Empire United Way, the Nonprofit Executive Network, Mojave Valley United Way and Desert Communities United Way.

Thank you for all you do!
